

## AVPL LA - 11 SB - Los Angeles 11 Split Base (2 piece)

### Description

The Los Angeles 11 Split Base is ideal for courtyards, pathways, municipal, and commercial decorative light pole applications.

### Materials

Mounts to 4" and 5" smooth or fluted .250" aluminum shaft.

2 piece corrosion resistant cast aluminum construction with minimum wall thickness of .210"

Stainless steel hardware.

TGIC thermoset polyester powder coat finish is electrostatically applied at a 3.0 mil nominal thickness. A five stage metal pre-treatment process and sealer provide maximum corrosion resistance. The powder top coat is baked in excess of 400 degrees for supreme endurance.
