

AVPL MON - Montana Base (1 piece)

Description

The Montana Base is ideal for courtyards, pathways, municipal, and commercial decorative light pole applications.

Materials

Mounts to 4", 5", and 6" smooth or fluted round steel or aluminum shaft.

1 piece corrosion resistant cast aluminum construction with minimum wall thickness of .210"

Stainless steel hardware.

TGIC thermoset polyester powder coat finish is electrostatically applied at a 3.0 mil nominal thickness. A five stage metal pre-treatment process and sealer provide maximum corrosion resistance. The powder top coat is baked in excess of 400 degrees for supreme endurance.
