

Explosion Proof Linear Light FLF Series

Hazardous and Wet Locations

Product Decription

FLF Series is the ideal choice for marine and hazardous applications requiring a linear design. Its rugged construction withstands strong vibrations, saltwater, corrosive elements and hazardous environments while the streamlined design sheds water.

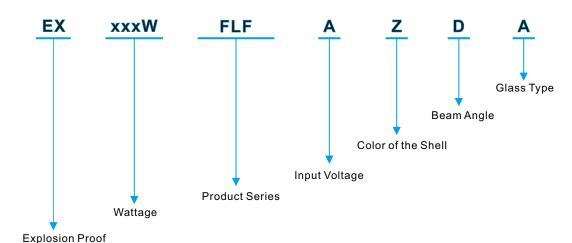

It can be mounted on ceilings or walls using a pair of stainless steel mounting brackets.

It is designed for use in hazardous locations and flammable buildings that require ATEX/IECEx rated fixtures. It is constructed of non-sparking materials for protection in flammable work sites and highly resistant to rough impacts.
