

Operation Method

▶ Remote control:

The controller is universal, which means that one remote control can control all lights. (Also, you can choose separate control type that one light is equipped with one remote control.)

Control functions include :

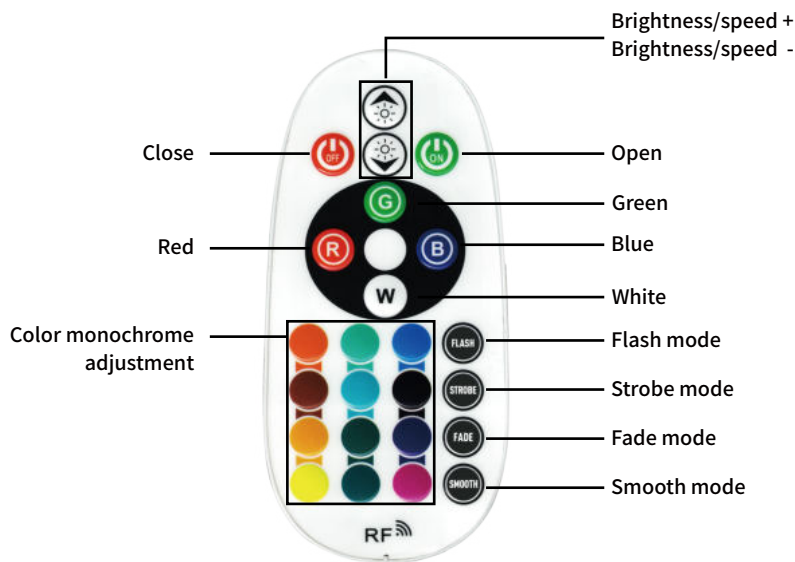

- Brightness/speed adjustment
- Monochrome color selection
- Mode selection :
 - Flash mode
 - Strobe mode
 - Fade mode
 - Smooth mode

▶ App control: (App language follows the mobile phone system)

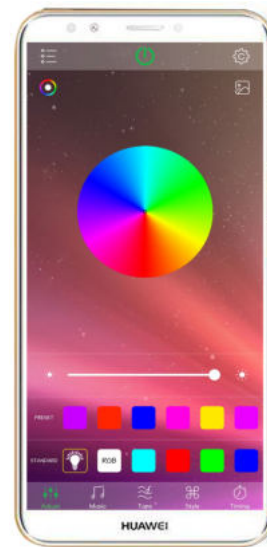

Before using the App control, please install the App control software. Scan the QR code on the light, download and install the software. Then, turn on the Bluetooth to connect the light to realize the control.

Control functions include :

- Static color adjustment:
 - Monochrome option / bright adjustment / picture color
- Music mode
- Dynamic mode
- Voice control mode
- Timing mode.
