

| UL 5 Year |  |  |
|-----------|--|--|

The LOYA Linear High Bay is a highly compact design with a sleek and integral construction that uses die-cast housing. It saves a lot of money on shipping and is easy to install. Built-In 6,10KV surge protection keeps it working smoothly even in poor power condition. With high efficiency of up to 150 lumens per watt. LOYA has pre-installed sensor base for and optional motion sensor. It is commonly utilized in warehouses and storage facilities, as well as industrial facilities, sports facilities and gyms.

### **Product Features**

- Up to 150 Lumens per watt
- Input voltage 120-277V
- Wattage Adjustable
- Built-In 10kv surge protector
- Die-cast aluminum white housing
- Optional screw-in motion sensor

- High quality polycarbonate lens protects LEDs.
- Powder coat corrosion resistant finish with High Transmittance polycarbonate lens
- 0-10V dimming
- UL & DLC Listed
- 5 Year warranty

#### Application

Widely used in Warehouse • Stadiums • Factories • Supermarket • Logistics Center • Exhibition Hall.

#### Notes before Installation

1. Be careful to open the carton, contact us if any damage.

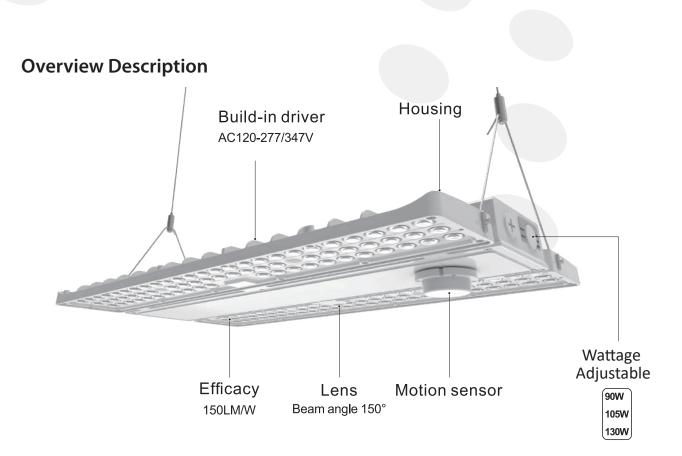

2. This product must be installed in accordance with the applicable installation, code by a person familiar with the construction and operation of the product and the hazards involved.

3. "caution - risk of shock" and "disconnect power before servicing" when photoelectric switch provided.

4. Please check whether the voltage marked on the luminaire is consistent with the input voltage to be connected, so as not to damage the LED luminaire.

5. To ensure the lifetime of the product, please do not use it in a place with strong acid mist.

6. Make sure the installation position can withstand 10 times the weight of the luminaire before installation and install it at a flat place without vibration, no swing, no fire hazard.

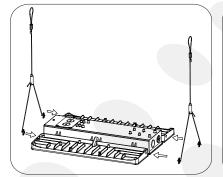

BEYON

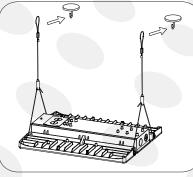

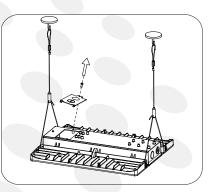

• Chain Mounting

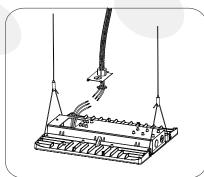

1. Install the lanyard into the light fixture

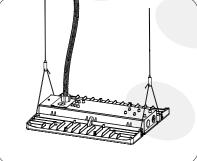

2. Hang the lanyard from the ceiling anchor

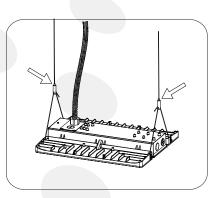

3. Remove the screws and remove the cover

4. Wiring as required and taking safety precautions

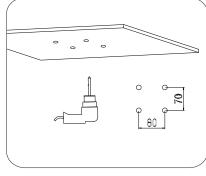

5.lock the lid

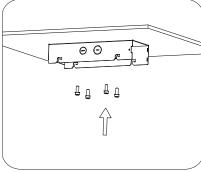

6. Press this switch to adjust to the required length and complete the installation

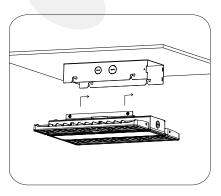

Ceiling-Surface Mounting

1. Drill holes according to ceiling and size requirements

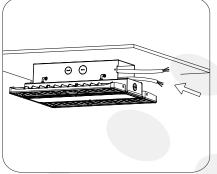

2. Mount the junction box to the ceiling

3. Install the light into the junction box and tighten the screws

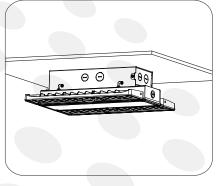

- 4. Wiring as required and taking safety precautions

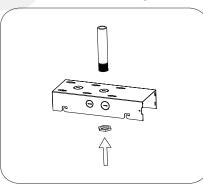

5. Close the cover and tighten

the screws

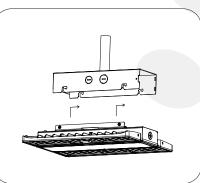

6. Complete installation

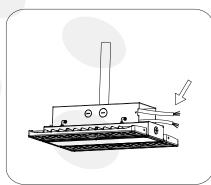

Pendant Mounting

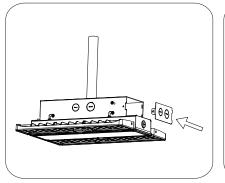

1. Install the junction box on the 3/4"pipe

2. Install the light into the junction box and tighten the screws

3. Wiring as required and taking safety precautions

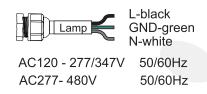

- 4. Close the cover and tighten the screws
- - 5. Complete installation

#### >> wiring diagram

Dimmer connect the wires: DMI+match DMI+; DMI - match DMI-

#### Shipping and Warehousing

- 1. Please do not shake it too much during transportation, handle carefully when unloading.
- 2. Recommended to be stored in a warehouse of -10~ +60°C and keep the warehouse dry.

#### >> Trouble shooting
