

# LED RETROFIT KIT USA & CHINA PATENTS

# Gen.5 LED Retrofit Kits

## 5RFK Series

LED retrofit kits are anything that replaces an old fixture with LEDs.

Green Inova®'s 5<sup>th</sup> generation LED retrofit kit is an innovative and revolutionary product. As the original designer and leading manufacturer of LED retrofit kits in China, we have one of the most efficient LED Retrofit Kit available on the market today, and also have both USA and China's Design & Utility Patents.

The 5<sup>th</sup> generation LED retrofit kits are upgraded to a more uniform and unique design with great performance enhancements. The Kits deliver over 125LPW. With best in class "Lumen per Watt Performance" one can expect maximized energy savings, it save up to 80% in electric, and eliminates your lighting maintenance for 10+ year by utilizing the highest quality LED chips, drivers, heat sinks, thermal pad, PCB boards, mounting arms, etc.

With various mounting brackets, the kits could retrofit a majority of fixtures whether it is a vertical or horizontal installation, eg: street light fixtures, shoebox fixtures, wall pack fixtures, flood light fixtures, canopy fixtures, and high bay fixtures, etc.

# 5RFK SERIES

30W/ 45W/ 60W

75W/ 100W/ 120W

150W/ 200W

280W/ 320W/ 350W

## Features

- High output Nichia LEDs deliver up to 132 LPW
- Top brand Mean Well driver
- Upgraded unique and uniform modular design
- Light weight, more durable
- AL 6063 material of high structural intensity
- Unique and excellent thermal management ensures long life
- Over temperature protection system
- Various controls options meet any needs
- Adjustable and flexible brackets for retrofit a majority of fixtures
- Quick and easy installation
- Reduces energy and maintenance costs over 80%

## Optics

- Beam angle: 120° standard

## Electrical

- 100-277V , and 347-480V available
- System power factor >90% and THD <20%
- LED driver with non-dimming or 0-10V dimming

## Controls

- 0-10V dimming optional
- Photocell sensor optional
- Motion sensor optional
- Surge protection optional

## Protections

- Short Circuit
- Over Current
- Over Voltage
- Over-temperature with auto-recovery

## Applications

Replaces existing metal halide and HPS lamps in street lights, wall packs, canopies, high bays and low bays fixtures, suitable for both vertical and horizontal installation

## Mountings

- Horizontal Installation: Using "L" bracket
- Vertical Installation: Using "Flat Plates" bracket

## Compliance

- DLC Premium
- ETL/cETL listed (UL-1598-C)
- LM79, LM80 test ports
- CE & RoHS
- Design & Utility Patents

## Ratings

- L70 ≥200,000 hours at 40°C (Tc), compliant with IESNA TM-21
- Operating Temperature Rated at -35°C to 55°C
- Storage Temperature Rated at -55°C to 65°C

## Warranty

- 10-year limited on LED head, 5-year limited on driver

# 5RFK SERIES

## DLC Items Information

Item Code	Voltage (V)	Wattage (W)	CCT (K)	Lumen (lm)	Efficacy (lm/w)	Beam Angle	CRI	DLC

## Specification Summary

### (Part A: 30W ~ 120W)

Typical Model	GI-5RFK-30-50	GI-5RFK-45-50	GI-5RFK-60-50	GI-5RFK-75-50	GI-5RFK-100-50	GI-5RFK-120-50
Power (W)	30W	45W	60W	75W	100W	120W
Lumen Output (LM)	3,865 lm	5,714 lm	6,728 lm	9,112 lm	13,123 lm	15,236 lm
Efficacy (lm/w)	128 lm/w	128 lm/w	128 lm/w	126 lm/w	131 lm/w	132 lm/w
Color Temperature (CCT)	5000K	5000K	5000K	5000K	5000K	5000K
Voltage (V)	120-277V	120-277V	120-277V	120-277V	120-277V	120-277V
Power Factor	>90%	>90%	>90%	>90%	>90%	>90%
THD	<20%	<20%	<19%	<18%	<17%	<17%
CRI	73	73	73	73	73	73
Beam Angle (°)	120°	120°	120°	120°	120°	120°
Dimensions (in)	4.72" x 4.72" x 1.97"			6.10" x 5.12" x 1.97"		
LED	Nichia, UL Listed: LM80					
Driver	Meanwell, UL Listed: Class II					
Operating Temperature (°C)	-35°C to 55°C					
Certifications	DLC Premium, cETLus, LM79, LM80					
Controls	Dimming, Photocell, Motion sensor, Surge protection available					
Life Span (L70,H)	L70 ≥200,000 hours at 40°C (Tc), compliant with IESNA TM-21					
Warranty	10-year limited on LED head, 5-year limited on driver					

# 5RFK SERIES

## (Part B: 150W ~ 350W )

Typical Model	GI-5RFK-150-50	GI-5RFK-200-50	GI-5RFK-280-50	GI-5RFK-320-50	GI-5RFK-350-50
Power (W)	150W	200W	280W	320W	350W
Lumen Output (LM)	18,913 lm	23,578 lm	35,133 lm	40,020 lm	43,514 lm
Efficacy (lm/W)	132 lm/w	127 lm/w	126 lm/w	131 lm/w	125 lm/w
Color Temperature (CCT)	5000K	5000K	5000K	5000K	5000K
Voltage (V)	120-277V	120-277V	120-277V	120-277V	120-277V
Power Factor	>90%	>90%	>90%	>90%	>90%
THD	<17%	<17%	<17%	<17%	<17%
CRI	73	73	73	73	73
Beam Angle (°)	120°	120°	120°	120°	120°
Dimensions (in)	7.87"x 5.91"x1.97"		10.63"x10.00"x2.91"		
LED	Nichia, UL Listed: LM80				
Driver	Meanwell, UL Listed: Class II				
Operating Temperature (°C)	-35°C to 55°C				
Certifications	DLC Premium, cETLus, LM79, LM80				
Controls	Dimming, Photocell, Motion sensor, Surge protection available				
Life Span (L70,H)	L70 ≥200,000 hours at 40 C (Tc), compliant with IESNA TM-21				
Warranty	10-year limited on LED head, 5-year limited on driver				

### Notes:

1. Product performance may vary depending on model and end user environment.
2. If need photometric and IES files, please contact your sales representative.

## Ordering Information

Order Example: GI-5RFK-100-50

Generation 5 LED retrofit kits, 100W, 100-277V, 5000K, with L and Flat brackets.

GI-5RFK	100	-	50	D	-
Series	Wattage	Voltage	CCT	Controls	Beam Angle
GI-5RFK = Gen 5 LED Retrofit Kits	30 = 30W 45 = 45W 60 = 60W 75 = 75W 100 = 100W 120 = 120W 150 = 150W 200 = 200W 280 = 280W 320 = 320W 350 = 350W	[Blank] = 100-277V HV = 347-480V	40= 4000K 45= 4500K 50= 5000K	[Blank] = None  D = 0-10V Dimming P = Photocell Sensor M = Motion Sensor S = Surge Protection	[Blank] = 120°

### NOTES:

1. Voltage must be specified.
2. Dimming is 0-10V Dimming type.
3. Photocell Sensor running on 120-277V.
4. Microwave Motion Sensor running on 120-277V.

**Special Order - Ask at your Sales Representative for Availability and Details. Other Options Not Currently DLC Listed.**

## Structure Advantages

### Advanced Circuit Design

Short Circuit / Over Current / Over Voltage / Over-temperature with auto-recovery

### PCB

Top quality PCB, cULus qualified

### PC Protective Cover

Protect the LEDs during shipment and installation

### Mean Well Driver

Industry leader driver brand

### Unique Patented Heat Sink Design

40% larger heat sink allows for much higher heat dissipation than other competitors

### Sunon Fan Technology

Top Brand cooling fan, ensures long life

### Metal Cord and Butterfly Screw

Allows for securing and durable installation

### Latest Nichia Technology Chips

Long L90 lifetime: using Nichia's latest LED technology, the L90 life is 60% longer than Philips 3030 LEDs

### 6063 Aluminum

Allows for a lighter and thinner heat sink

# USA & CHINA Design & Utility Patents

# 5RFK SERIES

## Mounting Options

### 1 HORIZONTAL MOUNTING: USING "L" BRACKET

\* Suitable for Shoebox/Wall Pack such type of fixtures

### 2 VERTICAL MOUNTING: USING "FLAT PLATES" BRACKET

\* Suitable for High Bay/Low Bay such type of fixtures.

## Applications

\* Wall pack example

\* Shoebox example

Due to our continued efforts to improve our products, product specifications are subject to change without notice.
